| PRODUCT INGREDIENTS                              | Function          | CAS Number  | INCI                             |
|--|-------------------|-------------|----------------------------------|
| Water  | solvent           | 7732-18-5   | AQUA                             |
| Benzyl alcohol                                   | degreaser         | 100-51-6    | BENZYL ALCOHOL                   |
| Sodium oleate                                    | Cleaning agent    | 143-19-1    | SODIUM OLEATE                    |
| Propoxypropanol                                  | solvent           | 1569-01-3   | PROPYLENE GLYCOL PROPYL<br>ETHER |
| Trisodium 2-[bis(carboxymethyl)amino]propanoate  | Chelanting agent  | 164462-16-2 | --                               |
| Monoethanolamine oleate                          | Cleaner agent     | 2272-11-9   | --                               |
| Partially fluorinated alcohol substituted glycol | surfactant        | Withheld    | --                               |
| Monoethanolamine                                 | degreaser         | 141-43-5    | ETHANOLAMINE                     |
| Fragrance  | fragrance         | NA          | --                               |
| Linalool <sup>1</sup>                            | fragrance         | 78-70-6     | LINALOOL                         |
| Octadecanol Ethoxylated                          | antifoaming agent | 9005-00-9   | STEARETH-2                       |
| Isotridecanol,ethoxylated                        | antifoaming agent | 69011-36-5  | --                               |
