

XTREME SEALER

FOB

ALL NATURAL STONE, GROUT, CONCRETE, QUARRY TILE, TERRACOTTA

ADVANCED
SOLVENT
TECHNOLOGY

WHAT IT'S FOR

- Natural look, penetrating sealer that protects all natural stone, grout, concrete, quarry tile and terracotta against stains.
- Forms an invisible, protective barrier resistant to moisture and stains while allowing water vapor to escape.
- Suitable for indoor and outdoor surfaces.
- Ideal for the treatment of concrete and quarry tile.
- Perfect for honed marble, limestone and travertine.

ADVANTAGES

- Long lasting protection.
- Does not yellow or discolor over time.
- UV resistant.
- Certified safe in food preparation areas.
- Does not alter the frost resistance of terracotta.
- PFOA free: non carcinogenic.

HOW TO USE IT

Ready to use, no dilution necessary.

Indoor surfaces: On a dry and clean surface, apply an even coat of **FOB** with a paintbrush, lambswool or roller applicator. Let sit for 10 minutes, then wipe and rub the surface to allow any excess product to completely penetrate or be removed. Wait 8 hours to apply a second coat if necessary. The floor may be walked on 8 hours after the final coat.

Outdoor surfaces: On a clean and dry surface, apply two coats of **FOB** with a large paintbrush or roller allowing 8 hours between coats. Wait 8 hours before use.

Caution: Do not apply **FOB** on a previously waxed surface, strip it first. Before full application, test the product on a small, inconspicuous area of the surface or loose sample to check for any discoloration. Do not apply **FOB** outdoors if rain is in the forecast.

LONG LASTING PROTECTION.

NATURAL LOOK FINISH.

Coverage:

1 GAL (3.78 L)

All natural stone

› 430/850 sq. ft. (40-80m²)

Concrete, grout, quarry tile, terracotta

› 220/850 sq. ft. (20-80m²)

Coverage rates are indicative and per coat.

Packaging:

1 QT (946 ml) 6 plastic bottles per box

1 GAL (3.78 L) 4 plastic bottles per box
