

# NATURAL LOOK STAINPROOF SEALER

UNPOLISHED AND POLISHED NATURAL STONE, TERRAZZO AND POLISHED PORCELAIN

- Makes everyday cleaning easy.
- Does not alter the appearance or surface finish.
- Treated surfaces are safe for food contact.
- Contains biodegradable ingredients.
- Natural look.
- Water-based technology.
- Interior and exterior use.
- On unpolished materials, the product may be used as a pre-grouting sealer.

## WHAT IT'S FOR:

- Protects against the absorption of water and stains.
- Does not yellow or create a film.
- Ideal for the protection of tables and worktops in kitchens and bathrooms.

## HOW TO USE IT:

The product is ready to use, no dilution needed.

**To seal surfaces:** on a clean, dry surface apply **NATURAL LOOK STAINPROOF SEALER** evenly using a brush or microfibre applicator. Leave the product to penetrate the material and grout. Remove any excess within 15 minutes by rubbing the surface with a clean and dry microfibre cloth. The treated area should not appear shiny or have a film on the surface. For very absorbent materials (such as limestone, terracotta and unpolished stones), apply a second coat within 20 minutes following the above instructions. The surface may be used after 4 hours, and the stain protection is active after 24 hours.

**Maintenance:** apply **MULTI SURFACE CLEANER** diluted 1:200, approximately 3 capfuls of product in 5L of clean water.

PACKAGING	PIECES PER CARTON	APPROXIMATE COVERAGE (1 LITRE):
1L	12 pz	Porous and absorbent surfaces: 7-10 m <sup>2</sup>
500 ML	12 pz	Surfaces with low absorbency 20-30 m <sup>2</sup>
		Porcelain 40 m <sup>2</sup>

### STORAGE TEMPERATURE:

Between 5°C and 30°C.

Must be applied at temperatures between 10°C and 30°C.

### Caution:

Test the product on a small, inconspicuous area of the surface to check for discolouration. Do not apply product outdoors in wet weather. Do not apply the product outdoors during the warmest hours in the summer. The product does not protect against acid aggression.
