

## RUST STAIN REMOVER

MARBLE, GRANITE, NATURAL STONE, AGGLOMERATES, PORCELAIN TILES, CERAMIC TILES, TERRACOTTA, CONCRETE, METAL, GLASS, PAINTED SURFACES

### WHAT IT'S FOR

- Removes surface rust deposits
- Thanks to its non-acidic formulation, it is particularly suited for delicate applications on surfaces like polished marble.
- Prevents rust from forming in iron-rich environments.
- Treats large surfaces heavily stained with iron oxides.

### ADVANTAGES

- Suitable for vertical surfaces due to its gel-like consistency.
- Fast-acting: removes surface rust in just 15 minutes.
- Non-foaming and easy to rinse.
- Accurately identifies rust while ruling out other forms of contamination.

### COVERAGE

COVERAGE (1 litre):

10 m<sup>2</sup>

Coverage rates are indicative.

### Packaging

- 1 litre: boxes of 12.
- 5 litres: boxes of 4.

### WARNINGS

- Keep out of reach of children.
- Do not disperse into the environment after use.

### TEMPERATURES

Storage temperature: from 5° to 30° C.  
The product should be applied to materials with temperature between 5° and 30° C.

### HOW TO USE IT

**No dilution required:** ready to use.

#### Application:

1. Apply the product to the surface using a brush or a fleece pad.
2. Leave to act for about 15 minutes.
3. The product's colour will change to deep purple as it reacts with the rust.
4. Once the indicated time has elapsed, remove the product residue and rinse the surface thoroughly with clean water, then leave to dry.
5. In case of stubborn stains, repeat the application and leave the product to react for a longer period.

**CLEANING OF TOOLS:** clean with water after use.

#### Caution:

*The product may damage the wax finish on treated surfaces.  
If the purplish mark remains on the surface, rinse thoroughly with water.  
Note: the product has a characteristic aroma.*
