

# OUTDOOR PATIO & PORCELAIN CLEANER

PORCELAIN, UNPOLISHED NATURAL AND ENGINEERED STONE, TERRAZZO, TERRACOTTA, QUARRY TILE AND CONCRETE

- Contains biodegradable ingredients.
- Water-based technology.

## WHAT IT'S FOR:

- Powerful cleaner and stain remover for outdoor surfaces.
- Removes dirt, oils, stains and organic build-up.
- Removes black spots and green stains from plants.
- Removes stains caused by weathering.

## HOW TO USE IT:

**Regular cleaning:** wet the surface thoroughly. Dilute the product 1:5 with clean water; 1L of product in 5L of water. Apply the solution evenly across the surface. Leave to react for 15 minutes and scrub with a brush. Rinse thoroughly using clean water.

**For heavy dirt build up:** the product may be used more concentrated or even undiluted, following the above instructions. The surface must always be wet with clean water before applying the product.

PACKAGING	PIECES PER CARTON	APPROXIMATE COVERAGE (1 LITRE):
