

- Suitable for all types of robot mops and vacuum mops
- Multipurpose cleaner: ideal for cleaning all types of hard surfaces
- Does not foam when diluted according to the instructions
- Fast-drying
- High coverage: up to 100 washes (concentrated cleaner savings)
- Refreshes the air and prevents unpleasant odours from forming in the tank and on the brushes
- · Hampers the build-up of limescale in the water tank
- Does not damage fabrics and upholstery upon contact
- Delicate spring scent: makes cleaning more pleasant
- · Delicate formula: does not interfere with the operation of the robot mop and vacuum mop components

WHAT IT'S FOR

- · Clean all hard surfaces.
- · Effectively removes dirt and stains without leaving a
- · Formula specifically developed for robot mops and vacuum mops: low foaming for easier and deeper
- · Also suitable for waxed floors

HOW TO USE IT | 1 CAPFUL = 10 ml

Dilute 1 capful (10 ml) of ROBOSHINE in up to 300 ml of water (see robot mop/vacuum mop scrubber tank capacity).

Insert a capful of the product directly into the water tank and fill the tank to its maximum capacity. Dampen brushes or floor cloths with water before installing them on the machine, then begin washing the floor.

Caution:

Follow the instructions in the user manual on how to use the robot mop cleaner or vacuum mop. The cleaner can be diluted with demineralised water, should this be recommended by the manufacturer.
