

INDOOR USE

OUTDOOR USE

SANIFAST SURFACE DISINFECTANT

ALL MATERIALS

WHAT IT'S FOR

- Cleans and disinfects surfaces in private and public settings such as school, gyms, offices, etc.
- Disinfectant cleaner with instant action against germs and bacteria.
- Can be used for the maintenance of wax-treated floors.

ADVANTAGES

- Perfect for everyday disinfection of all household surfaces.
- Eliminates up to 99.9% of germs and bacteria from surfaces.
- Concentrated odour-control formula: refreshes and deodorises.
- Does not harm even the most delicate surfaces.
- Pleasant lemon scent.
- Pet safe: suitable for spaces with domestic animals.
- No rinsing needed when used diluted 1:100.
- HACCP-compliant product

HOW TO USE IT

To disinfect surfaces: Dilute 1:100 (50 ml in 5 litres of water). No rinsing needed.

To deep disinfect: Dilute 250 ml of **SANIFAST** in 5 litres of water. Wash and rise.

To clean toilets: Use undiluted with a soft sponge, then rinse.
