

BATHROOM SOAP SCUM REMOVER

SHOWERCLEAN & SHINE

CERAMIC AND PORCELAIN TILE, GLASS, STAINLESS STEEL

BIODEGRADABLE 

WHAT IT'S FOR

- Thoroughly cleans all bathroom surfaces.
- Eliminates soap scum, water spots, grime and limescale.
- Gives surfaces back their shine.

ADVANTAGES

- Safe on all bathroom surfaces – fixtures, glass, shower stalls, tubs, walls and floors.
- Ready to use: just spray and wipe.
- Ideal for mosaics.
- Does not harm acrylic tubs.
- Does not damage stainless steel fixtures.
- Professionally cleans and sanitizes.
- Biodegradable.

ELIMINATES SOAP SCUM, WATER SPOTS, GRIME AND LIMESCALE.

DOES NOT HARM ALUMINUM OR STEEL TRIMS.

HOW TO USE IT

Spray **SHOWERCLEAN & SHINE** directly on the surface, let sit for a few seconds, then rinse with a damp sponge.

Caution: Do not use on polished acid sensitive materials such as marble, limestone or travertine. Use carefully on adjacent stone surfaces to prevent contact.

Storage temperature: Between 41°F and 86°F (5°C and 30°C). Must be applied at temperatures between 41°F and 86°F (5°C and 30°C).
